

## HUGHES TO LEAVE APPOINTMENTS TO HIS SUCCESSOR

Governor Will Avoid Any Patronage Move Savoring of Presidential Politics.

(Special to The Evening World.) ALBANY, Feb. 7.—Gov. Hughes made a special request to Senator Allds today that provision be made in the new highways bill that the State Commission of Highways, provided for in the measure, be named by the next Governor, thus relieving him of the task of making the appointment. It is the intention of Gov. Hughes to leave the selection of all commissioners and other appointments, whenever it can be done, to his successor in office. Friends of the Governor say that he does not propose to take up any appointments or other matters which can be represented as material to his political interests as a candidate for President. He will act in such matters only where the interests of the State call for immediate action. These friends were anxious to-day to have this plan of the Governor given as much publicity as possible, because, they argued, it might enhance his chances for the Presidential nomination.

## MAYORALTY CASE BEFORE GOV. HUGHES

Attorney-General Asks Extraordinary Court Term to Test McClellan's Title.

ALBANY, Feb. 7.—Gov. Hughes heard arguments to-day on the application of Attorney-General Jackson, requesting the Governor to appoint an extraordinary term of the Supreme Court in New York City and the designation of a Justice to try the action brought to test the title of George B. McClellan of the office of Mayor of New York. Eugene Lamb Richards, Jr., and former Supreme Court Justice G. D. B. Hachbrouck appeared for Mayor McClellan and Attorney-General Jackson and Clarence J. Shearn in favor of the application. Decision was reserved. Mr. Richards, in opposing the application, contended that the action taken by the Attorney-General was unwarranted in law in view of the present condition of the action; that it was premature and not made in good faith, and that it was an effort through executive action to overthrow the judicial determination as to the setting of a time for the trial and the striking of a jury for the same in the Supreme Court of New York. Attorney-General Jackson referred to a letter recently sent to the Governor in which he recited in detail the various steps in the litigation, and con-

tended that the attorneys for Mayor McClellan had resorted to all means to delay the trial of the action. This position was also supported by Mr. Shearn.

**MISSISSIPPI LEGISLATORS VOTE TO CLOSE SALOONS.** (Special to The Evening World.) JACKSON, Miss., Feb. 7.—The lower house of the Legislature to-day passed a statutory prohibition bill, providing that all saloons must pass out of existence on Dec. 31, this year. The bill was passed amid much enthusiasm, even members from saloon counties casting their votes in its favor.
